

SUBJECT: State Medicaid Program and MC+ for Kids, Missouri's Health Insurance Program - Limited Disclosure of Children's Free and Reduced Price Meal or Free Milk Eligibility Information

This memorandum addresses disclosure of children's free and reduced price eligibility information for the State Medicaid Program (State Medicaid) and MC+ for Kids, Missouri's health insurance program.

The issues of privacy and confidentiality of personal data are complicated as well as sensitive. Therefore, prior to developing State and local disclosure policies, we recommend that LEAs discuss the disclosure provisions with their legal counsel. At a minimum, LEAs that decide to disclose information that identifies individuals must follow these guidelines. These guidelines apply to eligibility information regardless of the manner in which the information is maintained including, but not limited to, print, tape, microfilm, microfiche, and electronic communication.

Disclosure of Children's Eligibility Information For Health Insurance Programs

Is disclosure of children's free and reduced price meal or free milk eligibility information for State Medicaid and MC+ for Kids required?

LEAs may disclose free and reduced price meal or free milk eligibility information to identify and enroll eligible children in State Medicaid or MC+ for Kids, provided the LEA's State agency and LEA elect to do so. LEAs are not required to disclose eligibility information. However, we encourage cooperation with State and local administrators of State Medicaid and MC+ for Kids because studies show that many children eligible for free and reduced price meals and free milk do not have health insurance.

What information may be disclosed for use by State Medicaid and MC+ for Kids and what health agencies or health insurance programs are eligible to receive the information?

LEAs may disclose names, eligibility status (whether they are eligible to receive free meals or free milk or reduced price meals), and any other eligibility information obtained through the free and reduced price meal and free milk eligibility process (including all information on the application or obtained through direct certification or verification) to persons directly connected with the administration of State Medicaid and/or MC+ for Kids.

Who are "persons directly connected" with the administration of State Medicaid and MC+ for Kids?

Persons directly connected with the administration of State Medicaid and MC+ For Kids for purposes of disclosure of free and reduced price meal and free milk eligibility information are State employees and persons authorized under Federal and State Medicaid and MC+ For Kids requirements to carry out initial processing of applications or to make eligibility determinations. Check with your State Medicaid/MC+ for Kids coordinator to determine the persons or entities in your State authorized to enroll children in Medicaid and MC+ for Kids.

Are there restrictions on how children's free and reduced price eligibility information may be used by State Medicaid and MC+ for Kids?

State Medicaid and MC+ for Kids agencies and health insurance program operators receiving children's free and reduced price meal or free milk eligibility information may only use that information to enroll children in State Medicaid or MC+ for Kids. The State Medicaid or MC+ for Kids enrollment process may include seeking to identify and identifying children from low income households, who are potentially eligible for State Medicaid or MC+ for Kids for the purpose of enrolling them in State Medicaid or MC+ for Kids.

Must households be notified that their free and reduced price meal or free milk eligibility information may be disclosed?

For any disclosures to State Medicaid and/or MC+ for Kids, parents/guardians **must** be notified of the potential disclosure and given the opportunity to elect **not** to have their children's information disclosed. The notification must inform the parents/guardians that they are not required to consent to the disclosure, that the information will be used to enroll children in a health insurance program, and that their decision will not affect their children's eligibility for free and reduced-price meals or free milk. The notification may be included in the letter/notice to parents/guardians that accompanies the free and reduced price meal or free milk application, on the application itself or in a separate notice provided to parents/guardians. The notice must be given prior to the disclosure and parents/guardians should be given a reasonable time limit to respond. For children who are determined eligible through direct certification, the notice of potential disclosure may be in the document informing parents/guardians of their children's eligibility for free meals through direct certification.

We suggest that parents/guardians be given a minimum of 10 calendar days as a reasonable time in which to respond to a request that information not be disclosed. Additionally, in the event that a parent or guardian notifies the LEA past the deadline that he or she chooses not to permit disclosure of the child's

eligibility, it would be prudent for the LEA to inform the recipient agency not to make any further use of that child's eligibility information.

Should we have an agreement with State Medicaid and/or MC+ for Kids?

The LEAs **must** have a written agreement with the State or local agency or agencies administering State Medicaid and/or MC+ for Kids prior to disclosing children's free and reduced price meal or free milk eligibility information. At a minimum, the agreement must identify the health insurance program or health agency receiving children's eligibility information; describe the information that will be disclosed and specify that the information must only be used to seek to enroll children in State Medicaid or MC+ for Kids; describe how the information will be protected from unauthorized uses and disclosures; describe the penalties for unauthorized disclosure; and be signed by both the LEAs and the State Medicaid/MC+ for Kids program or agency receiving the children's eligibility information.

What are the requirements for disclosure of social security numbers?

When disclosing or using the social security number provided by the household on the application for any purpose other than the program for which the number was collected, the LEAs must modify the notice required by the Privacy Act of 1974 concerning the potential uses of the social security number. The notice must inform households of the additional intended uses of the number.

Are there any penalties for improper disclosure?

The National School Lunch Act establishes a fine of not more than \$1000 or imprisonment of not more than 1 year, or both, for publishing, divulging, disclosing, or making known in any manner or extent not authorized by Federal law, any eligibility information. This includes the disclosure of eligibility information by one entity authorized under the statute to receive the information to any other entity, even if that entity would otherwise be authorized to receive the information directly from the LEA. For instance, a State or local agency administering State Medicaid and/or MC+ for Kids which has received eligibility information from a LEA through a written agreement between the two agencies, may not disclose that information to any other health insurance program or health agency that is not a party to the written agreement.

These guidelines are effective October 1, 2000, and are subject to change pending issuance of a final rule addressing the disclosure provisions for State Medicaid and MC+ for Kids.
